No	Are there any provisions in the recently passed election law (Internal Election Security Measures) that concern you?	Yes
	If you answered "yes" to the question above, what are your concerns? (25 words or less)	I was neutral on this bill. Tho I thought it unnecessary, it generally just codifies how we were operating anyway. The details result in unfounded mandates, which always cause concern.
Security, Modernization, Partnerships	If elected, what are your top three priorities for the County Clerk and Recorder's Office? (25 words or less)	Election integrity is paramount, I have proven to be uncompromising in this regard. Leadership in this office must reflect a knowledgeable, non-partisan, innovative, welcoming approach that motivates staff & treats each customer w/dedicated respect
